

Have you cleaned your ATM card reader or currency counter lately???
Keep your customers happy and cut down on your ATM service calls by keeping your valuable equipment in smooth running condition.
With Eagle Directs amazing ATM and currency counter cleaning cards!

Item: KW3-H19B40 - ATM Card Reader Cleaning Cards

**ATM Card Reader Cleaning Cards
(DIP/SWIPE Style) (40 Per Box)**

Waffletechnology Smart Card Reader Cleaning Cards are designed to clean the entire swipe or dip path within various card readers. The unique cleaning waffles come in contact with the leading, top and trailing edges of magnetic read heads and read/write pins (present in smart card readers).

This product removes dirt and debris from these critical components, keeping your card readers performing as designed.

Available in Boxes of 40 Cleaning Cards.

Item: K2-HEB10 - ATM Card Reader Cleaning Cards (Motorized Style)

**ATM Card Reader Cleaning Cards
(Motorized Style) (10 Per Box)**

Cleaning card technology allows for a thorough cleaning of transaction devices, such as card and check readers, ATM's and receipt printers, without costly outside technical assistance. Used as preventive maintenance or to quickly correct device errors, these products remove dirt, and other contaminants, which inhibit the device from working properly.

Each transaction device requires specific cleaning products. Choose the right product for your device for proper maintenance.

Available in Boxes of 10 Cleaning Cards.

Stock #: K2-HEB10
List Price: \$31.00/Box
Sale Price: \$26.95/Box

**Currency Counter Cleaning Cards
(Motorized Style) (15 Per Box)**

Currency Counters are an important part of financial equipment in banks around the world. These convenient work horses allow for accurate currency counting throughout the day. The note recognition sensors verify the currency and denomination as the transport rollers guide the currency through the equipment.

Currency deposits dirt and oils into the machine through normal operation. These contaminants build up until the rollers begin to slip, causing bills to miss-feed and jam in the unit. In addition, the sensors become covered with contaminants, inhibiting their normal function.

Waffletechnology Currency Counter Cleaning Cards are designed to remove these contaminants quickly, safely and effectively. This product is inserted as you would any currency into the machine, making it very easy to use. It cleans as it feeds through the counter, bringing the equipment back to full operation in seconds.

Available in Boxes of 15 Cleaning Cards.
